AFRICA PIPE Industries

QUALITY POLICY

This Quality Policy shall apply to all Africa Pipe Industries quality efforts to fully implement and integrate ISO and API Standards requirements. Africa Pipe Industries focus shall revolve around standardizing organizational and operational functions and processes, and the overall quality and continual process improvement.

The Management of Africa Pipe Industries is committed to the following:

- Management of Africa Pipe Industries accept full responsibility for supplying products and services to their customers in accordance with agreed specifications, delivery times and price.
- Management undertakes to achieve a standard of excellence and integrity, by ensuring that all employees are treated equally through involvement and participation.
- Management shall ensure that the policy commits to comply with requirements and continually improve the effectiveness of the quality management system.
- All personnel of Africa Pipe Industries are committed to understanding, observing and abiding by the contents of the Quality Management System Manual, and ensuring that it is implemented, maintained and improved at all levels in the organization.

In order to realize this Policy the following Quality objectives are pursued:

- The adopted Quality Management System must comply with the requirements of ISO 9001 and API Specification Q1
- The adopted Quality Management System must ensure that the products delivered and services rendered comply with the in-house standards, procedures, work instructions, control plans, order requirements, specifications and codes of practice pertaining to the contract.
- The adopted Quality management System shall be reviewed periodically to continually improve its effectiveness.
